BORSES CRUELLY TREATED.

But the Care Against the Ballroad

Yesterday Agent Key of the Hu mane Society brought J. II. Fowler, the veterinary surgeon of the Washington and Georgetown Rallway Company, into court, charged with crucity to ani-mals. He found a team working on an Avenue car with galled collars. A portion of the evidence was heard and a continuance taken until this morning, when Officer Hart came in and ex-plained the position in which the horses were when Mr. Key made the

The Washington and Georgetown The washington and Georgetown Rallway officials testified to the contrary, and told the Court that the horses were well fed and in good working condition. The case against the company was

"That settles it," said Mr. Key.
"The next time I will bring the horses and collars into court and show this company whether they can work dead horses or not."

FELL INTO THE CELLAR.

A Horse Enters a Hallway and Imi-tates Mr McGtnty,

The family living over the grocery store at the corner of Massachusetta avenue and Second street northwest, were awakened about 1 o'clock this morning by a strange visitor. A large black horse had broken from a stable in

the rear of the store and by some means entering a hallway at the slice of the store had fallen into the cellar.

The crash of falling timbers a woke the neighborhood, and among the first to arrive was the owner of the horse, a limit of the country of the horse, a little German Jew, who clung to the animal's neck, shricking "main Gott, main Gott; has you broke your neck!" His cries brought a large crowd to the scane and much exchament prevailed for a time. The horse, however, had not broken his neck, and this morning was holsted out of the cellar by means of a derrick, sound and unhurt.

Joyce in locking cut their employes and refusing to ar-bitrate in the matter; also that the District Assembly will assist the locked-out carriage makers by relieving their wants, endeavoring to procure employ ment for them, and taking all propeand efficient steps to prove to their late employers the unprofitableness of injustice and insolence toward meritorious employes. Payment for Autopaies,

The District Attorney, it seems, has declined to certify as correct the charges of \$25 for autopsies in plain cases where the cause of death is ap-parent to every one. In one of the cases is which approval of a charge of auropsy was declined the dead boy had been run over by a horse and cart, and in another the deceased had come to his death on account of a nile of lumber failing upon him. The autopsies by law must be paid out of the appropria-tion "for the expenses of courts." In the interests of justice, and not in the inter-cats of "science."

Sullivan Will Have a Team to Go on the Trip. There has been no change in the baseball aituation within the past twenty four hours. Sullivan Is still hustling to get a team together in order to go away to play the scheduled games of the Washingtons. Thus far he has been successful, and will be able to take a fair team away with him. He will ay eighteen games on the trip, under specially arranged schedule, which with the guarantee, will more than pay expenses and leave a margin over. Ted has been indefatigable in his endeavors

Vagrant Women, Two colored women were in court this morning charged with vagrancy by Officer Kenny. The officer was in citizens' clothes and heard some remarks that were objectionable and an arrest followed. "There is a fine of \$5 im-posed on each of these people," said Judge Mills. Maggie and Mary had no sooner been sent down stairs than his Honor recalled them and listened to ad-ditional testimony. The decision was changed, and they were required to give bends in the sum of \$20.
